

This technical drawing is an exploded view of a mechanical assembly, likely a pump or motor. It shows the following components from left to right:

- Motor Housing:** The outermost component on the left, featuring a circular flange with 12 mounting holes and a central shaft connection.
- Impeller:** A central component with a circular body and a central hub, mounted on a shaft.
- Shaft Assembly:** A central shaft with a black, ribbed section, likely a coupling or a motor shaft.
- Motor Housing (Right):** The outermost component on the right, featuring a circular flange with 12 mounting holes and a central shaft connection.

The diagram uses dashed lines to indicate the alignment and assembly path of the components. The components are shown in a perspective view, highlighting their three-dimensional structure.
